ABOUT ME

I have successfully achieved my goals in my life, I am going to present my qualification and personal
information.
Working as a Web Developer since last two years, I have 4-year degree of BS (Hons) in Physics, I
think. I can survive in any company and in any situation I believe myself as a professional web
developer. I have learned following skills while working as a developer.
 To manage large scale business application
 To manage database especially (Mongodb)
I have the hunger to work with new technologies especially express frameworks. I
can design, build and maintain the website from scratch using my experiences.
I am having the following skills
HTML, CSS, React JS, JavaScript, Express, Node Js, Mongodb
Using these technologies I can design, build, maintain website's also I can also apply new
